to Bannan Lumber Camp where they relieved the 1st and 2nd Battalions of 1st Armored Div. They were in positions about 200 yards NE of Bannan, Luxembourg. They are working two pits on the line and one in reserve. And they are going to alternate sections and blankets were taken up last night. The team is under observation and the men can only move around at night. The kitchen has moved up to Maderf and is going to cook two meals a day to be served before day break and after dark. Everything is quiet so far, and here is hoping it stays that way.
