At 1900, tank, artillery, TD's, opened up on a German column apparently trying to get out of the area in vicinity of Narouze. It was a field day for all weapons. A civilian ~~and~~ woman was brought to the aid station for treatment. During the day, a letter was brought to the on CP by a Frenchman, the letter thanked the American forces for not shelling the town of Chambrey. Received a message today stating that we were in German territory and civilians would be spoken to only in the line of duty. Received orders to withdraw and join CC "P" by another route. Moved at 1850. Passed through Mondel-sur-Seille, Pettoncourt, & Gremacey. Arrived in present location at 2200. Set up perimeter defense and settled down for the night. In the battalion area, are some old trenches, apparently trenches from World War I.

21 Sep 44 Q0427 Nord de Guerre-Fresnes-en-Saulnois. Remained in same location, time devoted to care & cleaning of weapons, vehicles and equipment. Received intermittent shelling during the afternoon. None landed in Hq area, but they were close.

RECORD OF EVENTS

28 Sep 44 Location Q1314 Nord de Guerre
1 mi E of Arracourt Remained in same location. Enemy artillery was active throughout the day but none landed in the CP area. Our airforce was up 46 today. Bures and Parroys, two towns that the enemy was reported to be concentrating at were bombed and strafed. A strong perimeter defense was set up at the BN CP. Morale at this point is low. Men are getting shaky from constant artillery fire at the front. The weather was clear for the first time in a long while. It was still brisk, but the sun was shining most of the day. As it grew dark, the enemy was reported to have broken through Co "C"'s defenses and to have occupied the high ground where the CP was situated. It was feared that the situation would be untenable if the Germans continued to hold the high ground at day.
